Aperitif Shellfish Fish carpaccio Hams Vegetables Pressed cheese

Visual analysis

A very dynamic and appetising presentation for this Brut Nature.

The colour is pleasantly golden and the rich, lively effervescence creates a white halo of fine bubbles.

Olfactory analysis

The first nose is open and ripe.

It gives us aromas of brioche and dried fruit, with a hint of lemon. This is followed by pear and peach and, with aeration, notes of honey and nougat.

The whole is rich, summery, neat and precise.

Taste analysis

The first impression on the palate is frank, then the wine shows its lean and tonic line. This fluidity and freshness of the wine are punctuated by the dynamism of the effervescence.

The whole produces a sensation of lightness with a touch of firmness, suggesting the texture of linen.

The final

The finish is long (8-9 seconds), with a saline character and a limey feel. Crisp and thirst-quenching, thanks to a light menthol note, the finish contributes to the beautiful pure feeling.

Verdict

Certified Organic Cuvée

A superlative Brut Nature! Rich on the nose and very precise on the palate, it has a perfect dynamic balance and leaves us with an extraordinary sensation of authenticity and purity.

Serving and food pairings

We will serve this Champagne Brut Nature in a slender flute at a temperature of 8 degrees, to respect its personality.

As an aperitif or after-work drink, it can be accompanied by puff pastries, raw vegetables with garlic cream, grilled almonds, radish salad with cheese, breadsticks with Parma ham, grilled prawns, fish carpaccio with lime...

Certified Organic Cuvée
